

Ed Smeets
Chairman of the Specialist
Group on Statistics and
Economics
International Water Association

Ed Smeets worked in the water sector from 1988 until 2002, mainly as Chief Financial Officer (CFO). Then, he started his own interim management and consultancy company and was in that capacity amongst others appointed as managing director and CFO of various water companies and also non-water companies. Furthermore he is the chairman of the Specialist Group of Statistics and Economics of the International Water Association since 2010.
